

# Skills for Jobs in Regions & Career Services

The South Australian Government, through the Department of State Development can provide you with assistance when you are facing retrenchment as a result of company closure.

*Skills for Jobs in Regions* deliver local employment projects you may be referred to (should there be appropriate projects in your region). These projects can be across a variety of industry sectors.

*Career Services* are located across Adelaide metropolitan area and in regional locations.

Career Services offer the following free services:

- Career planning and guidance on career directions
- Resume preparation and assistance with the completion of tailored job applications
- Advice on local employment and training opportunities, including *Skills for All* assistance
- Assistance with identifying training needs and accessing training and skill development opportunities

To be referred for these services, please call **1800 805 488** (Freecall)
